Thanks JB.

Christine, Joelle and I spoke at length yesterday afternoon. We have a couple questions for the legal team that we'd like addressed before we can finalize our proposal back to NWEA. I will send these momentarily.

See following email from Paul re: rescheduling with NWEA. I think probably the best way to do this is to find out when Christine, Joelle, and Lynda are available, and then to schedule, letting staff folks fit it in as they can. Does that sound okay?

Hi Jennifer—

We were disappointed that EPA canceled today's meeting, the day before the court-ordered deadline for the agencies make a final decision on Oregon's CNPCP, but we are available to meet with EPA and NOAA early next week. Our preferred times are Monday between 12 and 2:30 and Tuesday between 8 and 2:30 except for 11-12. We can probably make other times work if those days/times don't work for the agencies.

As to your question about a writing, Nina would in fact appreciate a short letter or outline of the agencies' proposal for resolving the present disputes. Thank you for asking.

Please let me know when the agencies would like to meet again.

Subject: Talked to Nina re: rescheduling on OR CZARA

I called Nina and talked with her. Told her we were exploring an option and were not ready to talk with them quite yet. Didn't think we would be ready till early next week, Monday or Tuesday. She understood and was glad to hear that we were exploring options. She's fine with meeting next week. Said she would have Paul send JB a schedule of their availability for Monday and Tuesday.

She asked me what we would say if somebody calls tomorrow about the status of the OR CZARA settlement agreement. I told her that we would say that we need an extension to take our action and that we were in discussions with plaintiff to reach an agreement over the schedule. She said they would say the same.

Thanks.
